Programme

EuRA Global 2019

Ho Chi Minh

November 20-22

Our fourth Global Conference will take up where we left off in stunning Goa.

We are absolutely delighted to be running our first conference in Southeast Asia, in the vibrant and fascinating city of Ho Chi Minh. With Vietnams' booming economy reflecting the strength of southeast Asia generally, we know it's the right time for EuRA to represent its members across the region. With GDP predicted to grow by 6.5% over the next 5 years, inward investment is at record highs.

Our programme will look at the economic and cultural opportunities and challenges that face both the companies relocating teams into the region, and those that face the mobility providers. We will look at immigration, legal and compliance issues and the cultural imperatives of living in the region and Vietnam in particular. We will also be running our Legal and Compliance training programme and open MIM workshops.

As with any EuRA event we are building some fantastic networking opportunities into the programme including our classic gala dinner and a rooftop pool party when all the work is done.

Our venue is the stunning Renaissance Riverside Hotel Saigon, situated downtown on the banks of the Saigon River and rooms start at €130 per night and bookings will be online shortly.

WEDNESDAY 20th NOVEMBER

MIM+ ACCREDITED TRAINING DAY

09:30 - 17:00 **LEGAL COMPLIANCE AND MOBILITY**

Trainer: Gordon Kerr, EuRA Strategic Consultant for Legal

This full day of training will look in detail at the legal and compliance challenges facing mobility providers across the world. We will look at GDPR and Privacy Shield and the impact they have on record keeping and data sharing. Gordon will also take delegates through the EuRA Guide to Legal and look at how to stay on the right side of compliance when working in the supply chain. We will also look at anti corruption guidelines and how these are impacting on mobility providers and their clients. This training is worth 50 MIM credits.

MIM ACCREDITED CULTURE WORKSHOP

10:00 - 12:30

MIM WORKSHOP

Speaker: Dominic Tidey EuRA COO

This fun session, open to all delegates, will be focussed around the workshop that accompanies the module, Cultural Theory and Intelligence. We will look at our attitudes to the seven cultures that sit at the ends of the cultural spectrum, Vietnam, USA, Japan, Germany, France, Italy and the UK and work out whether our attitudes are stereotypes, or real perceptions. We will then look at how best we can work on an individual level with other cultures. This workshop is worth 25 MIM credits.
